Mix & Meet ^P The Activity Camp!

Event Photography - Parent or Guardian's consent

The event recognises the right of a parent or guardian to refuse to allow to be published any photograph taken of their child. That is why the event team holds a register of the names of all young people who should not be included in any published photograph. It is equally important that the young person's Leader should be aware. The event team appoints an official photographer(s) for every event and only official photographs are to be used by the press or on the web site.

Whilst every effort will be taken to avoid publication of unofficial photographs the event team is not able to prevent unofficial photographs from being taken or distributed by other people without their knowledge.

Please tick this box to give permission for photographs/video/film of your Son/Daughter taken at this event to be used in local or national Girlguiding UK / Scouting UK publicity, publications and websites.
